Chapter 1

Introduction

1-1. Purpose

This pamphlet provides functional proponenty information in two ways. First, it lists the functional areas by command and proponent. Then, it lists the functional areas alphabetically.

1-2. References

Required and related publications and referenced forms are listed in appendix A.

1-3. Explanation of abbreviations and terms

Abbreviations and acronyms found in this pamphlet are listed in the glossary. A separate glossary, U.S. Army Training and Doctrine Command (TRADOC) Pamphlet (TP) 350-70-15, explains special terms used in this pamphlet and the TP 350-70 series.

1-4. Scope

This pamphlet identifies the training proponent, school code (SC), and collective proponent code (CPC) for each Army training and education functional area. The proponentcies outlined in this pamphlet indicate proponenty for information related to training, education, and doctrine aspects only. This pamphlet is not intended to imply original classification authority or proponenty over any technical data or equipment. All requests for foreign disclosure within the following functions must be processed through the duly appointed foreign disclosure officer with delegated disclosure authority who will facilitate foreign disclosure requirements with the appropriate proponent in accordance with AR 380-10.
